DEEPER CONECTION

for your relationship
and with yourself

A SPRING COUPLES WORKSHOP in the romantic town of SOPOT, POLAND on the Baltic Sea.

Isn't it better when you are **not** repeating ridiculous arguments with your mate; when you are **not** feeling lonely and hiding from each other because you are angry or hurt; when you are **not** acting like your parents did when they were miserable?

Attend this enlightening and life changing workshop led by International couples therapists from Holland.

DEEPER CONNECTION

You will get to know your partner more deeply. You will finally understand WHY you get into situations that make you both miserable. Your attraction to your partner will blossom. You and your partner will go home with usable tools to help your relationship have more passion, fun and love.
